

## Figure 8™ Weight Loss Program Figure 8 Vanish™ Water Relief Treatment Serum

This revitalizing treatment serum improves the visual appearance of water retention. Tones and firms skin's appearance and reduces the appearance of puffiness, to help promote the look and feel of smooth, healthy skin.

### RECOMMENDED FOR:

Those who would like to reduce the visual appearance of puffiness.

### WHEN TO USE:

Apply product liberally after Figure 8 Vanish contouring cellulite cream has fully absorbed.

### DIRECTIONS:

Apply product liberally to affected areas (thighs, hips, buttocks, arms) of the body until completely absorbed. To enhance the benefits of this product, use after the Figure 8 Vanish Pre-Shower Cellulite Scrub and Figure 8 Vanish Contouring Cellulite Cream.

INGREDIENT	SOURCE	FUNCTION
Water		solvent
